Yashwant Vijay Chaudhari

yvchaudhari7171@gmail.com | 8805619892

https://www.linkedin.com/in/yashwant-chaudhari-981589257/

Skills

Languages: C/C++, Java, Python, MERN Stack, SQL

Technologies & Tools: AWS, ReactJS, Git & GitHub

Education

Svkm Institute of Technology, Dhule

B.Tech in Information Technology ***CGPA: 7.54/10***

Relevant Coursework: Object Oriented Programming, Databases, Discrete Maths, Data Structures and Algorithms, Operating Systems, Computer Networks.

- Currently in the 3rd year, actively building skills in **C++, Java,** and MERN Stack Development.
- Working on projects involving **software development, IoT systems**, and practical applications of programming languages.

Project Work

- **Online Examination System for Aptitude and Coding Tests:** Designed and developed an Online Examination System to efficiently conduct and manage Aptitude and Coding Tests. The platform includes user-friendly interfaces, dynamic question generation, and automated evaluation features. This system ensures a smooth testing experience while simplifying exam management for students and administrators.
- **Smart Virtual AI Assistant:** Developed a Virtual AI Assistant capable of understanding and responding to user commands using advanced techniques. Built with Python, the assistant automates tasks like searching for information, managing reminders, answering queries, and performing basic system operations.
- **JokesHub Chrome Extension:** Created a fun and interactive Chrome Extension that delivers random jokes at the click of a button, enhancing user experience with quick bursts of humor. Built using HTML, CSS, and JavaScript, the extension fetches jokes through APIs, ensuring a seamless and lightweight performance.
- **Weather Detection App:** A frontend-only weather application that provides real-time weather information using the WeatherAPI. Built with HTML, CSS, and JavaScript, the app features a responsive design with smooth animations, allowing users to input a location and retrieve data such as temperature, humidity, and air quality in a visually appealing interface.

Certificates & Courses

- completed a 5-day boot camp on **entrepreneurship**, **business** development, and **Technology** organized by **AICTE** at **MGM** University, Chhatrapati Sambhaji Nagar.
- Completion of Programming using the **JAVA** course on Infosys SpringBoard.
- completed the hands-on project in the "AI for Students: Build Your Generative AI Model" workshop conducted by an AI expert and IIT Delhi alumnus, Mr. Trivikrama.
- completion of the comprehensive AI tools workshop on **Be10x**.
- Participated in Avishkar-24 at SVKM's Institute of Technology.
- Completion of **Web Development** Course on Infosys SpringBoard.
- Completed a 2-day CyberSecurity Workshop at SVKM's Institute of Technology.
